- **EST:** 5 November 2026 at 15:00
- **NZDT:** 6 November 2026 at 09:00 (New Zealand Time)
- **Duration:** 90 Minutes

Featured Speaker

Anita McDrury

Speech-Language Therapist & Team Leader

TalkLink Trust, Christchurch, New Zealand

Learning Objectives & Expected Outcomes

In this session, participants will be able to:

- Challenge common myths about AAC for people with aphasia.
- Identify key considerations for AAC assessment, including the SETT framework.
- Describe a range of low-, mid-, and high-tech AAC options, including considerations for people with Primary Progressive Aphasia.
- Select appropriate resources and practical next steps to begin supporting people with aphasia using person-centred AAC approaches.
